

**APPRENTICESHIP POLICY**  
**HaRD 062**

**SUSTAINABILITY IMPACT ASSESSMENT**

Staff preparing a policy, Governing Body (or Sub-Committee) report, service development or project are required to complete a Sustainability Impact Assessment (SIA). The purpose of this SIA is to record any positive or negative impacts that this is likely to have on sustainability.

<b>What is the main purpose of the document</b>	To set out guidance for HaRD CCG in order to effectively and consistently make use of apprenticeship schemes
<b>Date completed</b>	August 2015
<b>Completed by</b>	YHCS CSU Human Resources Team

<b>Domain</b>	<b>Objectives</b>	<b>Impact of activity</b> Negative = -1 Neutral = 0 Positive = 1 Unknown = ? Not applicable = n/a	<b>Brief description of impact</b>	<b>If negative, how can it be mitigated ? If positive, how can it be enhanced ?</b>
<b>Travel</b>	Will it provide / improve / promote alternatives to car based transport? Will it support more efficient use of cars (car sharing, low emission vehicles, environmentally friendly fuels and technologies)? Will it reduce 'care miles' (telecare, care closer) to home? Will it promote active travel (cycling, walking)? Will it improve access to opportunities and facilities for all groups?	N/A		
<b>Procurement</b>	Will it specify social, economic and environmental outcomes to be accounted for in procurement and delivery? Will it stimulate innovation among providers of services related to the delivery of the organisations' social,	N/A		

	<p>economic and environmental objectives?</p> <p>Will it promote ethical purchasing of goods or services?</p> <p>Will it promote greater efficiency of resource use?</p> <p>Will it obtain maximum value from pharmaceuticals and technologies (medicines management, prescribing, and supply chain)?</p> <p>Will it support local or regional supply chains?</p> <p>Will it promote access to local services (care closer to home)?</p> <p>Will it make current activities more efficient or alter service delivery models</p>			
<b>Facilities Management</b>	<p>Will it reduce the amount of waste produced or increase the amount of waste recycled?</p> <p>Will it reduce water consumption?</p>	N/A		
<b>Workforce</b>	<p>Will it provide employment opportunities for local people?</p> <p>Will it promote or support equal employment opportunities?</p> <p>Will it promote healthy working lives (including health and safety at work, work-life/home-life balance and family friendly policies)?</p> <p>Will it offer employment opportunities to disadvantaged groups?</p>	1	Apprenticeships are often offered in partnership with local education/training establishments, therefore any apprenticeships will create opportunities for local people.	Apprenticeship vacancies often create opportunities for a broader range of potential applicants, including those from disadvantaged groups such as those with a lower level of education/qualifications as well as those who wish to re-train or take their career in a different direction
<b>Community Engagement</b>	<p>Will it promote health and sustainable development?</p> <p>Have you sought the views of our communities in relation to the impact on sustainable development for this activity?</p>	N/A		
<b>Buildings</b>	<p>Will it improve the resource efficiency of new or refurbished buildings (water, energy, density, use of existing buildings, designing for a longer lifespan)?</p> <p>Will it increase safety and security in new buildings and developments?</p> <p>Will it reduce greenhouse gas emissions from transport (choice of mode of transport, reducing need to travel)?</p> <p>Will it provide sympathetic and appropriate landscaping</p>	N/A		

	around new development? Will it improve access to the built environment?			
<b>Adaptation to Climate Change</b>	Will it support the plan for the likely effects of climate change (e.g. identifying vulnerable groups; contingency planning for flood, heat wave and other weather extremes)?	N/A		
<b>Models of Care</b>	Will it minimising 'care miles' making better use of new technologies such as telecare and telehealth, delivering care in settings closer to people's homes? Will it promote prevention and self-management? Will it provide evidence-based, personalised care that achieves the best possible outcomes with the resources available? Will it deliver integrated care, that co-ordinate different elements of care more effectively and remove duplication and redundancy from care pathways?	N/A
