CONTENTS

1 INTRODUCTION

1.1 NHS Harrogate and Rural District Clinical Commissioning Group (hereafter known as 'the CCG') recognises that working from remote locations, as part of the flexible working arrangements that the CCG supports, can bring advantages both to the staff member and to the organisation. These may include: flexibility around issues such as dependent care or disability issues, reduced costs, better use of time, convenience, freedom from transport problems, reduced personal risk and ecological benefits.

1.2 It is accepted that not all work duties may be suitable for remote working, the majority of posts within the CCG will require the post holder to be office based and as such, the expectation is that the remote access and home working policy will be implemented by exception. Consequently, each situation needs to be considered on its merits taking into account the reasonableness of the proposition. Clearly some jobs are intrinsically not suitable for home working.

1.3 Regardless of where work is undertaken the individual and organisation are both responsible at all times for compliance with the following legislation:

- Health and Safety Act (HSE Act)
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR)
- Freedom of Information (FOI)
- Disability Discrimination Act (DDA)

1.4 The ability to work remotely may be available to staff where appropriate but the CCG recognises that this should be done so in a safe and secure manner.

1.5 It is essential that all working arrangements, for example availability and disposal of confidential waste, are fully discussed and agreed between all relevant parties before commencing. It is essential that staff working remotely are able to maintain confidentiality of documents, computer files etc. for example when the house is occupied by others.

2 ENGAGEMENT

This policy has been developed by the Yorkshire and Humber Commissioning Support's workforce team in partnership with employees, managers and trade unions and approved at the Joint Trade Union Partnership Forum.

3 IMPACT ANALYSES

3.1 Equality

In applying this policy, the CCG will have due regard to the need to eliminate unlawful discrimination, promote equality of opportunity, and provide for good relations between people of diverse groups, in particular on the grounds of the following characteristics protected by the Equality Act (2010); age, disability, gender, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, and sexual orientation, in addition to offending background, trade union membership, or any other personal characteristic.

As a result of performing an Equality Impact Analysis this policy does not appear to have any adverse effects on people who share Protected Characteristics and no further actions are recommended at this stage.

An Equality Impact Assessment is attached at Appendix 1.

3.2   Sustainability

The policy has been assessed against the CCG's Sustainability themes and no specific impact has been identified. The use of passenger rate encourages car sharing and there is a mileage rate for pedal and motor cycle use.

A Sustainability Impact Assessment has been completed for this policy and is attached at Appendix 2.

3.3   Bribery Act 2010

The Bribery Act is particularly relevant to this policy. Under the Bribery Act it is a criminal offence to :

- Bribe another person by offering, promising or giving a financial or other advantage to induce them to perform improperly a relevant function or activity, or as a reward for already having done so; and

- Be bribed by another person by requesting, agreeing to receive or accepting a financial or other advantage with the intention that a relevant function or activity would then be performed improperly, or as a reward for having already done so.

These offences can be committed directly or by and through a third person and, in many cases, it does not matter whether the person knows or believes that the performance of the function or activity is improper.

It is therefore, extremely important that staff adhere to this and other related policies and documentation (as detailed on the CCG's intranet) when considering whether to offer or accept gifts and hospitality and / or other incentives.

If fraud, bribery and corruption are particularly relevant to a policy, the section should be headed Anti-fraud, Bribery and Corruption and should include a cross reference to the Local Anti-fraud, Bribery and Corruption Policy.   The following wording should also be included:

To raise any suspicions of fraud and/or corruption please contact the Local Counter Fraud Specialist (LCFS) or the Counter Fraud Manager (for North Yorkshire – Steve.moss@nhs.net)

The LCFS will inform the chief Financial Officer if the suspicion seems well founded and will conduct a thorough investigation.   Concerns may also be discussed with the Chief Financial Officer or the Audit Committee Chair.

If staff prefer, they may call the NHS Fraud & Corruption Reporting Line on 0800 028 40 60 between 8am-6pm Monday-Friday or report online at www.reportnhsfraud.nhs.uk.   This would be the suggested contact if there is a concern that the LCFS or the Chief Financial Officer themselves may be implicated in suspected fraud, bribery or corruption.

4   SCOPE

4.1   This policy applies to all staff of the CCG. This includes employees, staff on honorary contracts and bank contracts. The principles of this policy also apply to independent contractors (including agency staff) working on a contract for services basis.

5   POLICY PURPOSE AND AIMS

5.1   The CCG has an overriding responsibility to deliver timely services. It is also keen to seek ways of developing the capacity of its services, improving the capabilities of its staff and improving effectiveness.

All requests to undertake work form a remote location will be given full consideration and no reasonable request will be refused. However, in certain circumstances the needs of the business may not allow for the request to be granted. If a request is denied, an explanation of the rationale shall be given to the staff member.

Advice and support will be provided to all Line Managers in the implementation and application of this policy upon request.

6   DEFINITIONS

Remote Working – when an employee is able to work from another location, whether it be an office or home, and is able to access the server to be able to work and communicate with the organisation by e-mail and telephone

7   ROLES / RESPONSIBILITIES / DUTIES

7.1   Line Managers are responsible for :
- Seeking advice on the application of this policy from their senior managers and the CSU Workforce Team.
- Applying this policy in a fair and equitable manner.
- Ensuring appropriate records are kept in relation to this policy.

The Senior Management Team are responsible for :
- Ensuring the fair and equitable application of this policy.
- Providing advice in relation to the application of this policy.

Employees are responsible for :
- Comply with the requirements set out within this policy.

8   IMPLEMENTATION

8.1   The CCG Senior Management Team is responsible for formal approval and monitoring compliance with this policy. Following ratification the policy will be disseminated to staff via the organisation's intranet.

8.2   Breaches of this policy may be investigated and may result in the matter being treated as a disciplinary offence under the CCG's disciplinary procedure.

9   TRAINING AND AWARENESS

This policy will be available to view on the CCG website. Training and support will be available to all line managers in the implementation and application of this policy.

10   MONITORING AND AUDIT

The implementation of this policy will be audited on an annual basis by the Workforce team and reported to the CCG senior management team.

11   POLICY REVIEW

This policy will be reviewed every three years by the Workforce team in conjunction with operational managers and trade union representatives. Earlier review may be required in response to exceptional circumstances, organisational change or relevant changes in legislation or guidance. Where review is necessary due to legislative change, this will happen immediately.

14   PROCEDURE

14.1   The CCG will consider all applications for Flexible Working in line with the Flexible Working Policy however, the general expectation of the CCG is that staff will work from their office base location.   The CCG understands that as part of fulfilling the requirements of their role, employees' may need to visit alternative locations such as Y&HCS premises or Foundation Trusts, this policy provides a framework for employees' to follow in those circumstances.

The CCG is aware that the personal circumstances of an employee may in some instances result in the need for home working. In this scenario express permission must be sought from the employees' line manager with each case being assessed on individual merits. As part of this approval process the manager will be responsible for ensuring that the employee's absence from the workplace will not create problems for other staff.

14.2   Line managers should monitor the working patterns of staff members who work remotely on an ad hoc basis. By requesting to work remotely the member of staff is providing tacit agreement to this ad-hoc monitoring. To make a more formal agreement of remote working an application can be made in line with the CCG Flexible Working Policy.

15   CONTACT

Staff that work remotely on an occasional basis must ensure that their manager and the CCG have details of their contact number and that they can be easily contacted during working hours. On each occasion staff should inform appropriate colleagues that they will be working remotely and how they can be contacted.

16   EQUIPMENT

Appropriate equipment will be provided to the CCG employees and will be agreed on a case by case basis.

Staff must comply with the CCG's Acceptable Use Guidelines, Mobile Computing Procedures, E-mail and Internet Policy and Use of Encryption Technology Policy.

Staff must also comply with the Display Screen Equipment Policy.

The application form at Appendix 3 should be used to request required equipment. Staff must ensure they have the appropriate equipment prior to working remotely

17   INSURANCE AND LEGAL REQUIREMENTS

Staff need to be aware of their responsibilities in terms of remote working and should adhere to these. The list below provides examples of insurance and legislative requirements related to remote working, and is not intended to be exhaustive. Employees must be aware of their own responsibilities when working remotely, the CCG will not accept responsibility for any liabilities related to remote working where this is not explicitly stated within the policy.

17.1   Business Rates

Any home working may make part of the property used liable to a business rate, if the work materially detracts from the use of the dwelling for domestic purposes. The home worker is advised to check their individual circumstances with their local Council. The CCG is not liable to pay for any financial increase from domestic rate to business rate.

17.2   Insurance

The CCG requires all home workers to inform their insurance company that they work at home and of any equipment owned by the CCG that is kept there. The CCG is not liable to pay for any increase on insurance premiums.

17.3 **Employer's Liability**

Employees working at, or from, home, in the ordinary course of their duties, are covered by the **CCG Employer's Liability Policy** although this would normally require a risk assessment on their home. This can be done on a self-assessment basis provided they have the necessary skills to conduct a risk assessment and there is something on their file to indicate that it has been carried out. Any accidents must be reported immediately in accordance with the CCG's guidelines.

17.4 **Public Liability**

Although covered by the **CCG Employer's Liability Policy** employees working at, or from, home are advised to ensure their home contents policy has public liability cover for at least £1 million. This is a standard clause in most home insurance policies. If an employee does not have such cover then they must notify his/her manager who should seek appropriate advice.

17.5 **Mortgagee / Landlord**

Before commencing home working employees are advised to check for any implication that working at home may have on their mortgage or rent. The CCG will not be responsible for any additional costs as a result.

18 ABSENCE

When an employee is working from home they must comply with the CCG's absence reporting procedures and ensure that their manager is informed if they are sick or unable to work.

19 DISCLOSURE AND BARRING SERVICE (DBS)

If an employee's working practice change and they start working in different bases, then consideration needs to be made about whether the change in working practice requires them to have a DBS check. For example an employee starts to use a base in which they come into contact with vulnerable people then they may require a DBS check if they do not already have one.

20 TRAVEL EXPENSES

The rates of allowances are set out in Section 17 of the Agenda for Change Terms and Conditions Handbook which can be found on the NHS Employers Website and claims can be made as appropriate.

21 SECURITY, DATA PROTECTION AND CONFIDENTIALITY OF INFORMATION

In order to comply with the Data Protection Act 1998, any data used must be secure and can only be accessed by you. This means that all hardcopy information must be kept either in a locked cabinet or by secure means if travelling, and that all electronic storage media including sensitive data and any data containing personal information must be encrypted, which in itself requires a password or key password protected.

All staff are required to meet all of the CCG's Information Governance requirements as detailed in Information Governance policies, procedures and guidelines, regardless of where they work from. In addition they must be able to document and demonstrate how those requirements will be met. Managers must be able to evidence that they are satisfied that there are processes in place to meet the Information Governance requirements and that they are being met.

As a minimum the following training must have been completed via the Connecting for Health Information Governance Training Tool: Introduction to Information Governance and Information Security Guidelines or the CBLS Information Governance module. Certificates to evidence the training has been successfully undertaken must be held on the individual's personal file and referenced as up to date as part of the appraisal process.

Employees have a duty of care to take all reasonable steps to safeguard equipment from loss or damage. Valuable objects such as laptops should not be left unattended in vehicles. Failure to keep equipment of information secure will be considered a very serious matter and could result in disciplinary action being taken.
All personal information generated must be kept in a secure place i.e. locked in a drawer. Nothing containing personal information is to be thrown away with normal household rubbish.

Any confidential waste is to be gathered up and securely transported to the office on the home workers next scheduled visit/review. Once in the office, it will be disposed of in the normal way with the other confidential waste that is produced.

22   HEALTH AND SAFETY

22.1   Risk Assessments must be carried out for all activities undertaken whilst working at home in the same way they are conducted for those activities undertaken in a workplace. All significant risks must be recorded and measures put in place to reduce the risk to the lowest level so far as is reasonably practicable. It remains the manager's responsibility to ensure these assessments are in place. A Self Risk Assessment Checklist is available from Appendix 1 which should be completed by all staff and passed to your manager and retained on your file. A further assessment should be competed if a member of staff moves house, or circumstances change within the environment in which they are working.

The Risk Assessments will be reviewed by a competent risk assessor in addition to being signed off by the line manager before an employee can commence working at home.

If the member of staff is to use a PC workstation (own or CCG), they must complete a DSE risk assessment to confirm the suitability of the equipment being used. The DSE risk assessment can be found on the CCG intranet and a copy should be retained in the member of staff's personnel file.

22.2   **Accidents, Incidents and Dangerous Occurrences**

All staff must inform their manager in the event of accidents, incidents or dangerous occurrences. Initial reports should be by telephone, followed by appropriate action such as entering the incident on the appropriate reporting system.

The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995 apply to any location used for work. Managers should ensure that staff be made aware that in the event of an incident, enforcement agencies such as the Health and Safety Executive may require access to their home as part of any subsequent investigation. This is also relevant to internal investigations.

4. **Equality Impact Analysis: Equality Data Available**	
Is any Equality Data available relating to the use or implementation of this policy, project or function? Equality data is internal or external information that may indicate how the activity being analysed can affect different groups of people who share the nine *Protected Characteristics* – referred to hereafter as *'Equality Groups'.* Examples of *Equality Data* include: (this list is not definitive) 1. Application success rates *Equality Groups* 2. Complaints by *Equality Groups* 3. Service usage and withdrawal of services by *Equality Groups* 4. Grievances or decisions upheld and dismissed by *Equality Groups* 5. *Previous EIAs*	Yes ✓ No ☐ Where you have answered yes, please incorporate this data when performing the *Equality Impact Assessment Test* (the next section of this document).
List any Consultation e.g. with employees, service users, Unions or members of the public that has taken place in the development or implementation of this policy, project or function	Consultation has taken place nationally and locally
Promoting Inclusivity **How does the project, service or function contribute towards our aims of eliminating discrimination and promoting equality and diversity within our organisation**	The policy supports promoting inclusivity as it is has the potential to have a positive impact on some some protected groups (see above)

5. Equality Impact Analysis: Assessment Test				
What impact will the implementation of this policy, project or function have on employees, service users or other people who share characteristics protected by The Equality Act 2010?				
Protected Characteristic:	**No Impact:**	**Positive Impact:**	**Negative Impact:**	**Evidence of impact and if applicable, justification where a Genuine Determining Reason exists**
Gender (Men and Women)		✓		The opportunity to work from home may provide some workers with caring responsibilities (often women) the opportunity to work more flexibly 70% of the staff employed are female.
Race (All Racial Groups)	✓			Considered, no impact
Disability (Mental and Physical)		✓		Occasional/regular/permanent working from home may be used as a reasonable adjustment depending upon the circumstances of each particular case and the operational/business needs. Currently no employees in the CCG have declared themselves disabled. However the policy will facilitate support to staff who become disabled in the course of their employment or staff who are newly recruited to the CCG in the future and may have a disability.
Religion or Belief		✓		Potential to allow certain staff who wish to work during a religious festival they do not observe and who may not have access to an office, to work from home, by agreement. (For example, a member of staff who does not wish to observe the Christmas holiday might be allowed to work from home during the holiday, where their office is closed.). 9% of staff in the CCG have declared they follow a faith that is not Christianity
Sexual Orientation (Heterosexual, Homosexual and Bisexual)	✓			Considered, no impact

What impact will the implementation of this policy, project or function have on employees, service users or other people who share characteristics protected by The Equality Act 2010 ?				
Protected Characteristic:	**No Impact:**	**Positive Impact:**	**Negative Impact:**	**Evidence of impact and if applicable, justification where a Genuine Determining Reason exists**
Pregnancy and Maternity	✔			Considered, no impact
Transgender	✔			Considered, no impact
Marital Status	✔			Considered, no impact
Age	✔			Considered, no impact

Red **Stop and remove the policy**	**Red:** As a result of performing the analysis, it is evident that a risk of discrimination exists (direct, indirect, unintentional or otherwise) to one or more of the nine groups of people who share *Protected Characteristics.* It is recommended that the use of the policy be suspended until further work or analysis is performed.	**Remove the policy** Complete the action plan above to identify the areas of discrimination and the work or actions which needs to be carried out to minimise the risk of discrimination.	No wording needed as policy is being removed
Red Amber **Continue the policy**	As a result of performing the analysis, it is evident that a risk of discrimination exists (direct, indirect, unintentional or otherwise) to one or more of the nine groups of people who share *Protected Characteristics.* However, a genuine determining reason may exist that could legitimise or justify the use of this policy and further professional advice should be taken.	**The policy can be published with the EIA** List the justification of the discrimination and source the evidence (i.e. clinical need as advised by NICE). Consider if there are any potential actions which would reduce the risk of discrimination. Another EIA must be completed if the policy is changed, reviewed or if further discrimination is identified at a later date.	As a result of performing the analysis, it is evident that a risk of discrimination exists (direct, indirect, unintentional or otherwise) to one or more of the nine groups of people who share *Protected Characteristics.* However, a genuine determining reason exists which justifies the use of this policy and further professional advice. ***[Insert what the discrimination is and the justification of the discrimination plus any actions which could help what reduce the risk]***
