About North Yorkshire

Improving Quality

We want to support the people of North Yorkshire to start well, live well and age well

We want to provide high quality and responsive health and care services

We want to make best use of the North Yorkshire pound and live within our financial means

We want to reduce health inequalities across the 3 CCG areas

Improving Efficiency

North Yorkshire Ambition

Support Services

Preventing ill health and promoting wellbeing

Neighbourhood health and care services, including GP services and social care

Local hospital services

Secondary hospital services e.g some cancer services

Tertiary services*

- Organisations working together
- Focussing on keeping people well
- Provide more local services
- Greater range of community services
- Services available 24/7

- Clinical Networks
- Standardisation of Pathways

- Centres of excellence

*Specialised services e.g. heart surgery

What happens next?

- A formal proposal will be submitted to NHS England by 30 September 2019
- The three CCGs will begin operating as a single organisation(one CCG) from 1 April 2020
- The new North Yorkshire CCG will be responsible for buying health services for a population of more than 425,000 people and will have a combined annual budget in excess of £620 million.

Questions submitted in advance

Informal Session

Have you an unanswered question?

**Speak to CCG staff and members of the
Governing Body**

Please complete and return your evaluation sheet
